

# The Brocklehurst ~~zine~~ scene

I don't like "Earth". I like Drone though.

this is Lucy. Everybody likes her.

We don't have much choice left by now. So when can you move in?

I only smoke occasionally when I have a drink. I am an artist. I do conceptual films. I don't have to do anything and I still get paid.

this is our housemate Ruth. she doesn't really come out much.
